CHAIRMAN'S REVIEW

I am pleased to present the Fortieth Annual Report and Performance Review of your Company on behalf of the Board of Directors for the year ended 31st December 2021.

Effective measures to curtail economic effects of Covid-19 outbreak and widespread vaccination program led to enhance pace of economic growth. 2021 was a year of recovery from COVID-19 for the world. The global economy's growth was estimated at 5.5% in 2021. The good news is that Pakistan achieved decent economic growth in 2021 at 3.94%. SBP Monetary Policy Committee raised the policy rate by 275 basis points to 9.75 percent mainly to counter inflationary pressures and ensure sustainable growth. Inflation and the trade deficit have risen due to both high global prices particularly oil and domestic economic growth. High-frequency indicators of domestic demand, including electricity generation, cement dispatches, and sales of fast-moving consumer goods and petroleum products and record tax revenues indicate that economic growth remains robust. The outlook for agriculture continues to be strong on account of higher production of crops manifested by substantial support prices. Foreign exchange reserves increased by 29.10% YoY to stand at USD 24.4 billion at the end of 2021 as opposed to USD 18.9 billion recorded at the end of 2020. The main reasons being record high home remittances, balance of payment support from multi-lateral organizations such as IMF and loans from friendly nations.

The performance of Pakistan Stock Exchange 100 index slightly improved from 43,755 to 44,596 points – reflecting an increase of 1.92%. The major factors for this meagre increase being geo political scenario, MSCI reclassification of Pakistan from “Emerging” to “Frontier” markets and devaluation of Pak rupee. It is however expected that investment income in the ensuing year would improve.

Your Company underwrote a gross premium of Rs.726.436 million (inclusive of Rs.75.236 million of Takaful Contribution) against Rs.630.993 million (inclusive of Rs.61.921 million of Takaful Contribution) of the last year showing an increase of 15%. During the year 2021 your company posted profit after tax at Rs. 53.01 million as compared to Rs. 68.50 million reported last year. The Window Takaful Operations for Surplus account on participant Takaful Fund was Rs. 6.25 million compared to Rs. 17.38 million in 2020. Operator's Fund posted profit after tax of Rs. 7.58 million against Rs. 12.83 million of 2020.

While closing I would like to thank and convey my gratitude to the members of the Board of Directors for their commitment, guiding and supporting the management and to the shareholders for their confidence and support to the Company. I would also like to wish to place on record my appreciation for support received by the Company from the Securities and Exchange Commission of Pakistan, Pakistan Reinsurance Company Limited and all our reinsurers for their continued support. Last but not the least I express my appreciation to the Chief Executive and his team for their efforts, dedication and sincerity.

چیئر مین کا جائزہ

31 دسمبر 2021 کو ختم ہونے والے سال کے لئے بورڈ آف ڈائریکٹرز کے چیئر مین کی حیثیت سے آپ کی کمپنی کی 40 ویں سالانہ رپورٹ اور کارکردگی کا جائزہ پیش کرتے ہوئے مسرت محسوس کر رہا ہوں۔

CoVID-19 پھیلنے کے معاشی اثرات کو کم کرنے کے لیے موثر اقدامات اور وسیع پیمانے پر ویکسینیشن پروگرام نے اقتصادی ترقی کی رفتار میں اضافہ کیا۔ سال 2021 دنیا کے لیے CoVID-19 سے بحالی کا سال تھا۔ 2021 میں عالمی معیشت کی ترقی کا تخمینہ 5.5 فیصد لگایا گیا تھا۔ اچھی خبر یہ ہے کہ پاکستان نے 2021 میں 3.94 فیصد کی شرح سے اچھی ترقی کی ہے۔ ایس بی پی مانیٹری پالیسی کمیٹی نے بنیادی طور پر افراط زر کا مقابلہ کرنے اور پائیدار ترقی کو یقینی بنانے کے لیے پالیسی ریٹ کو 275 بیس پوائنٹ سے بڑھا کر 9.75 فیصد کر دیا ہے۔ بلند عالمی قیمتوں بالخصوص تیل اور ملکی اقتصادی ترقی دونوں کی وجہ سے مہنگائی اور تجارتی خسارہ میں اضافہ ہوا ہے۔ گھریلو طلب میں اضافہ بشمول بجلی کی پیداوار، سمیٹ کی ترسیل، عام استعمال کی اشیاء، پٹرولیم مصنوعات کی فروخت اور ریکارڈ ٹیکس ریویونیو کے اشارے مضبوط معاشی ترقی کی نشاندہی کرتے ہیں۔ فصلوں کی زیادہ پیداوار کی وجہ سے زراعت کا نقطہ نظر مضبوط رہا ہے جس کا اظہار خاطر خواہ امدادی قیمتوں سے ہوتا ہے۔ زرمبادلہ کے ذخائر سال 2021 کے آخر میں 29.10 فیصد بڑھ کر 24.4 بلین امریکی ڈالر تک پہنچ گئے جبکہ 2020 کے آخر میں 18.9 بلین امریکی ڈالر ریکارڈ کیے گئے تھے۔ اس کی بنیادی وجوہات میں زیادہ ہوم ترسیلات زر، آئی ایم ایف جیسی کثیر الجہتی تنظیموں کی جانب سے ادائیگیوں میں توازن اور دوست ممالک کے قرضے ہیں۔

پاکستان اسٹاک ایکسچینج (پی ایس ایکس) کی کارکردگی 43,755 سے 44,596 پوائنٹس پر قدرے بہتر ہوئی ہے جو کہ 1.92 فیصد اضافہ ظاہر کرتی ہے۔ جس کی بنیادی وجہ جغرافیائی سیاسی منظر نامہ، MSCI کی پاکستان کی "ابھرتی ہوئی" مارکیٹوں کی "فرٹنیر" میں دوبارہ درجہ بندی، پاکستانی روپے کی قدر میں کمی ہے۔ تاہم یہ توقع ہے کہ آنے والے سال میں سرمایہ کاری آمدنی میں بہتری آتی رہے گی۔

آپ کی کمپنی نے 726.436 ملین روپے (بشمول 75.236 ملین روپے تکافل شراکت داری) کا مجموعی پرمیم ظاہر کیا ہے اسکے برخلاف گزشتہ سال کا حجم 630.993 ملین روپے (بشمول 61.921 ملین روپے تکافل شراکت داری) تھا جو کہ گزشتہ سال کے مقابلے میں 15 فیصد اضافہ ظاہر کرتا ہے۔ آپ کی کمپنی نے 53.01 ملین روپے کا بعد از ٹیکس منافع کیا ہے جو کہ پچھلے سال 68.50 ملین روپے تھا۔

شراکت داری تکافل فنڈ کے لئے سرپلس 6.25 ملین روپے تھا جبکہ 2020 میں 17.38 ملین روپے تھا۔ آپریٹر کے فنڈ میں 2019 کے 8.47 ملین روپے کے مقابلے میں 12.83 ملین روپے کا منافع ہوا۔ آپریٹر کے فنڈ میں 2020 کے 12.83 ملین روپے کے مقابلے میں 7.58 ملین روپے کا منافع ہوا۔

آخر میں، میں بورڈ آف ڈائریکٹرز کے ممبروں کا ان کے عزم اور انتظامی امور میں رہنمائی اور حمایت اور شیئرز ہولڈرز کے اعتماد اور کمپنی کے ساتھ تعاون کا شکریہ ادا کرنا چاہتا ہوں۔ میں چیف ایگزیکٹو اور ان کی ٹیم اپنی اعلیٰ کوششوں، اعتقاد اور اخلاقیات کے لئے نیک خواہشات کا اظہار کرتا ہوں

Earnings per Share (EPS) - Rupees	0.88	Restated 1.13

Your Company underwrote gross premium of Rs. 726.436 million (inclusive of Rs.75.236 million of Takaful Contribution) against Rs. 630.993 million (inclusive of Rs.61.921 million of Takaful Contribution) of the last year showing an increase of Rs.95.443 million reflecting growth of 15%. The net premium slightly decreased from Rs.319.478 million to Rs.303.130 million - a decrease of Rs.16.348 million.

Claims incurred during the year were Rs.64.167 million against Rs.76.424 million of the previous year, showing a decrease of Rs.12.257 million. Your Company has earned underwriting profit for Rs.31.869 million compared to Rs.29.010 million achieved in previous year from its core business. Net profit after Tax stood at Rs.53.010 million against Rs.68.495 million of the previous year.

Over the years, we have been highlighting the unilateral and arbitrary fixing of the so called 'Bank Limits' and delisting/non listing/prequalifying by some Banks, DFI's Financial Institutions and various Authorities / Organization's thus depriving level playing field to all the market participants. This discriminatory scenario needs to be addressed by the relevant quarters for the larger and best interest of the insurance industry.

INVESTMENT

The overall investment policy of your Company by and large remains unchanged focusing on Shariah compliant Islamic Funds securing risk - free returns.

The shares portfolio of RICL is diversified amongst various sectors mainly focusing on blue chip scrip's having high dividend yields / paying bonuses and also future growth prospects and to maintain balance between fixed income securities and equities. The portfolio remains under constant surveillance of the investment committee.

Dividend Income stood at Rs.59.752 million in 2021 compared to previous year of Rs.46.864 million - an increase of Rs.12.888 million i.e. 27.5%. Your Company also realized capital gain of Rs.4.959 million against Rs.8.809 million of the previous year. Unrealized loss stood at Rs.1.557 million compared to unrealized gain of Rs.10.173 million of the previous year. Total investment income stood at Rs.74.748 million against Rs.83.543 million of the previous year.

Appropriation would increase Paid up capital to **RS. 633.695** million and General Reserve to **RS. 290.000** million while the total Assets surge to **RS. 1847.696** million

Gross & Net Premium

Interest and Dividend

Your company also generates a significant portion of its investment income from sustainable sources such as profit & dividends and capital gain ensuring regular income. Investment portfolio (including Term Deposits for Rs.38.570 million) stood at Rs.837.942 million as at 31st December 2021 against Rs.813.517 million of the previous year. Cash and Bank Deposits Accounts stood at Rs.93.709 million against Rs.111.310 million of the previous year.

CLAIMS

The Company recognize liability in respect of all claims incurred up to the Statement of Financial Position date which is measured at the undiscounted value of the expected future payments.

The provision for claims incurred but not reported (IBNR) is made at the balance sheet date. In compliance with SECP Circular No.9 of 2016, the Company takes Actuarial advice for the determination of IBNR claims. IBNR claims have been estimated using Chain Ladder (CL) methodology. The Chain Ladder (CL) Method involves determination of development factors or link ratios for each period. These are then subsequently combined to determine Cumulative Development Factor (CDF) which represents the extent of future development of claims to reach their ultimate level.

REINSURANCE

Your Company successfully concluded reinsurance arrangements for the year 2022. Swiss Re world's most prestigious and renowned Re-Insurer continues to be the leader of RIC's reinsurance programme for the year 2022. Underwriting capacity for certain lines of business has improved further in 2022, thus your Company would

be able to underwrite larger risks. We are thankful to all our re-insurers for their unwavering confidence, understanding and continued support.

WINDOW TAKAFUL OPERATIONS

The Audit Committee has recommended and the Board has endorsed the appointment of M/s. BDO Ebrahim & Co., Chartered Accountants, as auditors for the year ending 31st December 2022.

FUTURE OUTLOOK

Pakistan's GDP witnessed a sharp recovery in CY21 after being negative last year and is expected to remain robust in the range of 4%-5%. On external side the current account deficit rose due to sizeable contribution of imports, the outlook for the overall current account deficit is dependent on international oil and other commodities prices. Positive factor on fiscal sector grew on account of FBR tax collections. Inflation is expected between 9-11 percent in fiscal year before declining towards the medium-term range of 5-7 percent as global commodity prices stabilize. All these factors are likely to keep the momentum going forward prompting enhanced economic activities culminating positive impact on insurance business.

The year 2022 would be yet another challenging year amidst political turbulence. Your Company will focus on long-term profitable growth through consolidation, improvement in systems and quality management information systems facilitating prudent and real time decisions.

Takaful operations will further provide new avenues and opportunities to enhance your company's business.

ACKNOWLEDGMENT

We would like to thank our valued customers for their continued patronage and support. We also avail this opportunity to thank all our Reinsurers including Pakistan Reinsurance Company Limited and Brokers for extending their guidance and valuable support.

We, also thankful for the continued co-operation and assistance extended by the Securities & Exchange Commission of Pakistan (SECP) and the State Bank of Pakistan (SBP) for their professional guidance, assistance and support over the years.

The Directors also wish to record their appreciation for the untiring efforts put in by Officers, Field Force and Staff for their dedication, sincerity and hard work for their contribution to the growth of the Company. Your Directors are also grateful to the shareholders for the confidence, support and understanding.

آڈیٹرز:

کرسٹن حیدر بھیم جی اینڈ کمپنی چارٹرڈ اکاؤنٹنٹس سالانہ جنرل میٹنگ کے اختتام پر ریٹائر ہو گئے، کیونکہ انہوں نے پانچ مکمل کر لیے ہیں۔ اور بیہ کنندگان کے لیے کوڈ آف کارپوریٹ گورننس 2016 کے مطابق کمپنی کے آڈیٹ کے طور پر جاری نہیں رہ سکتے۔ اس لیے بی ڈی او ابراہیم اینڈ کمپنی، چارٹرڈ اکاؤنٹنٹس کو 31 دسمبر 2022 کو ختم ہونے والے سال کے لیے بطور آڈیٹر مقرر کرنے کے لیے آڈٹ کمیٹی نے سفارش کی ہے اور بورڈ نے اس کی تقرری کی توثیق کی ہے۔

مستقبل پر ایک نگاہ:

گزشتہ سال منفی رہنے کے بعد سال 2021 میں پاکستان کی جی ڈی پی میں تیزی سے بحالی دیکھنے میں آئی اور توقع ہے کہ یہ 4%-5% کی حد میں مضبوط رہے گی۔ دوسری طرف درآمدات میں اضافے سے کرنٹ اکاؤنٹ خسارے میں اضافہ ہو گیا ہے۔ مجموعی کرنٹ اکاؤنٹ خسارے کا انحصار تیل کی بین الاقوامی قیمتوں پر منحصر ہے۔ ایف بی آر کی ٹیکس وصولیائیوں کی وجہ سے مالیاتی شعبے میں مثبت اضافہ ہوا ہے۔ اس مالی سال میں مہنگائی 9 سے 11 فیصد کے درمیان متوقع ہے اس سے پہلے کہ عالمی اجناس کی قیمتیں معمول پر آنے کے بعد درمیانی مدت کی حد 5 سے 7 فیصد تک کم ہو جائیں۔ یہ تمام عوامل ممکنہ طور پر آگے بڑھنے اور بڑھتی ہوئی معاشی سرگرمیاں انشورنس کے کاروبار پر مثبت اثر ڈالیں گے۔ سال 2022 سیاسی انتشار کا ایک اور مشکل سال ہوگا۔ آپ کی کمپنی مجموعی کوششوں، سسٹم میں بہتری اور محتاط و بروقت فیصلوں پر عمل درآمد کے سلسلے میں کوالٹی مینجمنٹ انفارمیشن سسٹم کے ذریعے طویل مدتی منافع بخش ترقی پر نگاہ رکھے ہوئے ہے۔

مزید برآں، تکافل آپریشنز آپ کی کمپنی کے کاروبار کو بڑھانے کے لئے مزید مواقع اور نئی راہیں فراہم کرے گا۔

اظہار تشکر:

ہم اپنے معزز صارفین کا ان کی مستقل سرپرستی اور تعاون کے لئے شکریہ ادا کرنا چاہتے ہیں۔ ہم اس موقع کا فائدہ اٹھاتے ہوئے اپنے تمام ری انشوررز بشمول پاکستان ری انشورنس کمپنی لمیٹڈ اور بروکرز کا بھی ان کی رہنمائی اور قابل قدر سپورٹ کے لئے شکریہ ادا کرتے ہیں۔

ہم سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان (SECP) اور اسٹیٹ بینک آف پاکستان (SBP) کے سالہا سال سے مستقل تعاون اور رہنمائی کے لئے ان کی پیشہ ورانہ رہنمائی، معاونت اور سپورٹ پر شکر گزار ہیں۔

ڈائریکٹرز افسران، فیلڈ فورس اور اسٹاف کی جانب سے کمپنی کی ترقی کے ضمن میں ان کی شراکت کے لئے ان کی انتھک محنت، عزم، دیانتداری کو بھی خراج تحسین پیش کرتے ہیں۔ آپ کے ڈائریکٹرز اعتماد، تعاون اور بھروسے کے لئے شیئر ہولڈرز کے بھی مشکور ہیں۔

آپ کے ڈائریکٹرز تجویز کرتے ہیں کہ منافع کو مندرجہ ذیل طریقوں سے مختص کیا جائے

سرمایہ کاری:

آپ کی کمپنی سرمایہ پالیسی اسی انداز میں جاری ہے اور شریعہ کمپلیٹ طویل مدتی سرمایہ کاری کی خطرات سے تحفظ..... بے خطر منافع جات پر ترجیح دی گئی ہے آرا آئی سی ایل کا شیر زپورٹ فولیو خوب اچھی طرح پھیلا ہوا اور مختلف شعبوں میں تقسیم شدہ ہے اور بنیادی طور پر منافع بخش (Blue Chip) اسکرپس پر توجہ رکھی گئی ہے جو بہترین منافع منقسمہ کے حصول، بونس کی ادائیگیوں اور مستقبل میں ترقی کے امکانات کی حامل ہے۔ پورٹ فولیو سرمایہ کاری کی زیر نگرانی رہتا ہے۔

سرمایہ کاری میں نقصانات کو پرافٹ اینڈ لاس اکاؤنٹ میں ظاہر کیا جاتا ہے۔ ایسے نقصانات کے لئے مختص کی گئی گنجائش پر ہر بیلنس شیٹ کی تاریخ پر نظر ثانی کی جاتی ہے۔ اور اس میں اس وقت کے بہترین تخمینوں کے مطابق رد و بدل کیا جاتا ہے۔ اس گنجائش میں رد و بدل آمدن یا اخراجات کی شکل میں ظاہر کیا جاتا ہے

منافع منقسمہ کی آمدنی 2021 میں 59.752 ملین روپے تھی جبکہ گزشتہ سال یہ رقم 46.864 ملین روپے تھی اس طرح اس سال 12.888 ملین روپے زائد رہی جو کہ 27.5 فیصد ہے۔ آپ کی کمپنی نے گزشتہ سال کے 8.809 ملین روپے کے مقابلے میں 4.959 ملین روپے کا کپیٹل گین حاصل کیا اور گزشتہ سال کے 10.173 ملین روپے کے مقابلے میں 1.557 ملین روپے کے لئے غیر تسلیم شدہ نقصان کا اندراج کیا ہے۔ گزشتہ سال کے 83.543 ملین روپے کے مقابلے میں سرمایہ کاری پر نفع 74.748 ملین روپے رہا۔

آپ کی کمپنی پائیدار ذرائع مثلاً شرح سود اور منافع منقسمہ اور کپیٹل گین سے اسکی سرمایہ کار آمدنی کا ایک بڑا حصہ حاصل کرنے کی کوششوں کو جاری رکھے ہوئے ہے تا کہ مناسب کیش حصول کا ذریعہ پیدا کیا جائے۔ سرمایہ کاری کا پورٹ فولیو (بشمول 38.570 ملین روپے کے ٹرم ڈپازٹس) 31 دسمبر 2021 تک 837.942 ملین روپے رہا جو پچھلے سال 813.517 ملین روپے تھا۔ نقد اور بینک ڈپازٹس اکاؤنٹس سرمایہ کاری کی سطح گزشتہ سال کے 111.310 ملین روپے کے مقابلے میں 93.709 ملین روپے رہی

کلیمز:

واجب الادا کلیمز بیلنس شیٹ کی تاریخ تک ہونے والے تمام کلیمز کے ضمن میں ہوتی ہے اور اس کے مستقبل میں متوقع ادائیگیوں کی غیر تخفیف شدہ مالیت کے طور پر ظاہر کیا جاتا ہے۔

واجب الادا کلیمز کے حصول میں ایسے کلیمز جو بیلنس شیٹ کی تاریخ تک رپورٹ (IBNR) نہیں ہوئے۔ 2016 کے ایس ای سی پی سرکلر نمبر 9 کی تکمیل کے لئے کمپنی نے IBNR کا تخمینہ کے طریقہ کار کو تبدیل کر دیا گیا۔ کمپنی اب IBNR کلیمز کے تعین کے لئے ایکچوریل مشورہ لیتی ہے۔ IBNR کلیمز کا تخمینہ Chain Ladder (CL) کے طریقے سے لگایا گیا ہے۔ Chain Ladder (CL) طریقہ میں ترقی کے عوامل کا تعین یا ہر مدت کے لئے لنک کے تناسب شامل ہے۔ یہ بعد میں مشترکہ طور پر Cumulative Development Factor (CDF) کا تعین کرتے ہیں۔ جس میں کلیمز کے آخری سطح تک پہنچنے کے لئے مستقبل کی حد تک نمائندگی کرتا ہے

ایوی ایشن کے کلیم، جس کا ذکر اس سے پہلے حادثاتی نوٹ میں کیا گیا تھا، دونوں فریقوں نے خوش دلی سے حل کر لیا ہے

ڈائریکٹرز رپورٹ:

آپ کے ڈائریکٹرز بمسرت 31 دسمبر 2021 کو ختم ہونے والے سال کے لئے سالانہ رپورٹ بشمول آڈٹ شدہ حسابات پیش کرنے میں خوشی محسوس کرتے ہیں۔

مالی سال 2020 کے دوران مایوس کن معاشی کارکردگی دیکھنے کے بعد اور بڑے پیمانے پر موثر ویکسینیشن سے کوویڈ 19 کی کمی کے بعد معمول کی کاروباری سرگرمیاں دوبارہ شروع ہوئیں جس کی وجہ سے معاشی ترقی کی رفتار میں اضافہ ہوا۔

سال 2021 کے لئے آپریشنل نتائج:

31 دسمبر 2021 کو ختم ہونے والی مدت کے لئے آپ کی کمپنی کی تقابلی مالی جھلکیاں مندرجہ ذیل ہیں:

2020	2021	
	روپے ملین میں	
630.993	726.436	مجموعی پربیم (تکافل شراکت سمیت)
319.478	303.130	خالص پربیم
76.424	64.167	خالص حاصل کردہ کلیم (بشمول IBNR)
152.030	152.112	انتظامی اخراجات
29.010	31.869	انڈر رائٹنگ آمدنی
83.543	74.747	سرمایہ کار آمدنی
83.576	70.507	نفع / نقصان قبل از ٹیکس
68.495	53.010	نفع / نقصان بعد از ٹیکس
(نظر ثانی شدہ) 1.13	0.88	آمدنی فی شیئر (EPS)

آپ کی کمپنی نے 726.436 ملین روپے (بشمول 75.236 ملین روپے تکافل شراکت داری) کا مجموعی پربیم ظاہر کیا ہے اسکے برخلاف گزشتہ سال کا حجم 630.993 ملین روپے (بشمول 61.921 ملین روپے تکافل شراکت داری) تھا جو 15 فیصد کی شرح نمو سے 95.443 ملین روپے کا اضافہ ظاہر کرتا ہے۔ خالص پربیم بھی 319.478 ملین روپے سے قدرے کم ہو کر 303.130 ملین روپے رہا یعنی 16.348 ملین روپے کم رہا۔

سال کے دوران کلیمز پر 64.167 ملین روپے صرف کئے گئے جبکہ گزشتہ سال 76.424 ملین روپے صرف کئے گئے تھے جو کہ 12.257 ملین روپے کی کمی ظاہر کرتی ہے۔ آپ کی کمپنی نے اپنے بنیادی کاروبار سے 29.010 ملین روپے منافع ہوا ہے، کاروبار کی تمام کلاسز نے منافع میں کردار ادا کیا ہے۔ خالص آمدنی بعد از ٹیکس 53.010 ملین روپے ہے جبکہ گزشتہ سال 68.495 ملین روپے تھی۔

برسوں سے ہم نام نہاد 'بینک حدود' (Bank Limits) کی یکطرفہ اور صوابدیدی فلٹنگ کو اجاگر کر رہے ہیں اور کچھ بینکوں، DFI کے مالیاتی اداروں اور مختلف اتھارٹیوں/تنظیموں کا فہرست سازی/نان لسٹنگ/پری کو ایفانٹنگ کرنا مارکیٹ کے تمام شرکا کو یکساں مواقع فراہم نہیں کرتا ہے اس الگ منظر نامے پر صنعت کے وسیع تر مفاد کیلئے متعلقہ حلقوں کے ذریعہ سنجیدگی سے فوراً توجہ دینے کی ضرورت ہے۔

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF RELIANCE INSURANCE COMPANY LIMITED

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019 and Code of Corporate Governance for Insurers, 2016

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) and the Code of Corporate Governance for Insurers, 2016 (the Code) prepared by the Board of Directors of Reliance Insurance Company Limited ('the Company') for the year ended December 31, 2021 in accordance with the requirements of regulation 36 of the Regulations and provision lxxvi of the Code.

The responsibility for compliance with the Regulations and the Code is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and the Code and report if it does not and to highlight any non-compliance with the requirements of the Regulations and the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations and the Code.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations and the Code require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations and the Code as applicable to the Company for the year ended December 31, 2021.

Opinion

We have audited the annexed financial statements of the Reliance Insurance Company Limited (the Company), which comprise the statement of financial position as at December 31, 2021, and the profit and loss account, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us the statement of financial position, the profit and loss account, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof, conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of Company's affairs as at December 31, 2021 and of the profit, total comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

S. No	Key Audit Matters	How the matters were addressed in our audit
1	<p>Revenue Recognition and Unearned Premium Reserve</p> <p>Refer notes 3.13, & 20 to the financial statements.</p> <p>Premium written under a policy is recognized as income over the period of insurance or in accordance with the pattern of the incidence of risk. We identified revenue (premium) as a key audit matter because of significant amounts and potential risk of revenue being overstated resulting from the pressure management may feel to achieve premium / performance targets. Further there are also estimates involved in recognition and</p>	<p>Our audit procedures in respect of revenue, amongst others, included the following:</p> <ul style="list-style-type: none"> Assessed the appropriateness of the company's revenue recognition policies by comparing them with applicable International Financial Reporting Standards (IFRS), Insurance Rules 2017 and Insurance Accounting Regulations, 2017. Obtained an understanding of and testing the designs and operating effectiveness of controls designed to ensure that revenue is recognized in

	<p>calculation of revenue over the period of policy as there is risk of error in terms of the calculation of unearned premium reserve due to manual calculations.</p>	<p>appropriate accounting period and reserve for unearned premium is accurately calculated.</p> <ul style="list-style-type: none"> • Compared, on a sample basis, specific revenue transactions recorded before and after the reporting date with underlying documentation to assess whether revenue has been recognized in the appropriate accounting period and whether premium has been received in case of policies issued on installment basis. • Assessed and evaluated the appropriateness of judgments, assumptions and estimates made by the management in determining unearned portion of revenue. • Recalculated reserve of unearned premium and performed analytical procedures to correlate the different audit evidences. <p>Performed test of details to ensure that the policies are genuine and critically assessed manual posting of journal entries to entity's MIS to identify unusual or irregular items.</p>
2	<p>Valuation of Insurance Contract Liabilities / Expense– Claims</p> <p>Refer note 3.9 and 3.16.1</p> <p>The estimation of insurance contract liabilities / claims involves a significant degree of judgment. The liabilities are based on the best-estimate ultimate cost of all claims incurred but not settled at a given date, whether reported or not, together with the related claims handling costs. Number of explicit or implicit assumptions relating to the expected settlement amount and settlement patterns of claims are involved in determining the expected costs claims including those incurred but not reported (IBNR). Provision for IBNR Claims is estimated using chain ladder method in accordance with guidelines issued by SECP which also involves various assumptions and judgments. Therefore this area has been identified as key audit matter.</p>	<p>Our audit procedures in this respect, amongst others, included the following;</p> <ul style="list-style-type: none"> • Obtained understanding of the Company's process to record and estimated liabilities and tested the controls designed by the Company. • Performed analytical procedures to evaluate the reasonableness of the claims and estimates of liabilities. • Performed test of details on sample of selected claims to verify the source documents including surveyor reports and payments made before and subsequent to year end to ensure that claims are recorded completely in proper period. • Obtained actuarial valuation of estimate of IBNR and evaluated the reasonableness of the estimate by applying our industry knowledge and experience and comparison of the methodology and assumptions used with guidelines of SECP. Performed procedures for evaluation of the competence, capabilities and objectivity of the actuary, obtained understanding of the work of expert and evaluated of appropriateness of using that expert's work as audit evidence for the relevant assertion. <p>Evaluated whether the liabilities in respect of claims have been adequately disclosed and presented in the financial statements.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual report of the Company, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and the requirements of Insurance Ordinance, 2000, Companies Act, 2017 (XIX of 2017), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the profit and loss account, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Insurance Ordinance, 2000, the Companies Act, 2017 (XIX of 2017), and are in agreement with the books of account.
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the company's business; and
- d) No Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Mohammad Hanif Razzak.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

1. LEGAL STATUS AND NATURE OF BUSINESS

Reliance Insurance Company Limited (the Company) was incorporated in Pakistan as a public limited company on November 4, 1981 and is engaged in general insurance business and it has also been allowed to undertake General Window Takaful operations (WTO) on May 25, 2016 by Securities & Exchange Commission of Pakistan (SECP) under SECP Takaful Rules, 2012. The shares of the Company are quoted on Pakistan Stock Exchange Limited.

The registered office of the Company is situated at 96-A, Sindhi Muslim Co-operative Housing Society, Karachi. The company has 24 operational branches throughout Pakistan. VIS Credit Rating Company Limited has assessed the Insurer Financial Strength (IFS) rating of the Company as 'A' (Single A), Outlook on the assigned rating is "Stable".

2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE

Statement of compliance

These financial statements have been prepared in accordance with accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017, and
- Provisions of and directives issued under the Companies Act, 2017, the Insurance Ordinance, 2000, Insurance Rules, 2017, Insurance Accounting Regulations, 2017, General Takaful Accounting Regulation 2019 and SECP Takaful Rules, 2012.

In case requirements differ, the provisions or directives of the Companies Act, 2017, Insurance Ordinance, 2000, Insurance Rules, 2017, Insurance Accounting Regulations, 2017, General Takaful Accounting Regulation 2019 and SECP Takaful Rules, 2012, shall prevail.

2.1 Basis of measurement

These financial statements have been prepared on the historical cost basis except otherwise stated in these financial statements. No adjustment for the effect of inflation has been accounted for in the financial statements.

2.2 Functional and presentation currency

These financial statements have been presented in Pak Rupees, which is the functional and presentation currency of the Company.

2.3 New Accounting Standards, Interpretations and amendments

2.3.1 Accounting Standards, IFRIC Interpretations and amendments that are effective for the current year

There are new and amended standards, interpretations and amendments that are mandatory for the Company's accounting periods beginning on or after January 1, 2021 but are considered not to be relevant or do not have any significant effect on the Company's operations hence not enlisted in these financial statements except as follows;

a) IFRS 9 'Financial Instruments' and amendment (effective for period ending on or after June 30, 2019). IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39.

Further, IFRS 4 provides two alternative options in relation to application of IFRS 9 for entities issuing contracts within the scope of IFRS 4, notably a temporary exemption and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS 9. The overlay approach allows an entity applying IFRS 9 from the effective date to remove from profit or loss the effects of some of the accounting mismatches that may occur from applying IFRS 9 before IFRS 17 is applied.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

As an insurance company, the management has adopted the temporary exemption from the application of IFRS 9 as allowed by the International Accounting Standards Board (IASB) for entities whose activities are predominantly connected with insurance. Additional disclosures, as required by the IASB, for being eligible to apply the temporary exemption from the application of IFRS 9 are given below.

The table below set out the fair values as at the end of reporting period and the amount of change in the fair value during that period for the following two groups of financial assets separately:

- a) Financial assets with contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest ('SPPI') on the principal amount outstanding, excluding any financial asset that meets the definition of held for trading in IFRS 9, or that is managed and whose performance is evaluated on a fair value basis, and
- b) All other financial assets

Fair value of financial assets as at December 31, 2021 and change in fair value during the year ended December 31, 2021

Financial assets with contractual cash flows that meet the SPPI criteria excluding those held for trading Debt securities - Held to maturity

Opening fair value	60,360,000
Addition during the year-net	10,114,130
Increase in fair value	575,870
Closing fair value	<u>71,050,000</u>

Financial assets that do not meet the SPPI criteria Equity Securities - Available for sale

Opening fair value	341,963,713
Addition during the year-net	104,896,636
Disposal during the year-net	(140,563,900)
Impairment	21,001
Decrease in fair value	(3,652,205)
Closing fair value	<u>302,665,245</u>

Carrying value of all other financial assets approximates to their fair values since these either have short term maturity or are frequently repriced.

2.3.2 Accounting Standards, IFRIC interpretations and amendments that are not yet effective

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied in the preparation of these financial statements are set out below:

3.1 Property and Equipment

The cost of an item is recognized as an asset if and only if the future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

These are stated at cost less accumulated depreciation computed on the reducing balance method on yearly basis applying the rates as mentioned in note 5.1.

Depreciation on addition to property and equipment during the year is provided from the date of purchase while no depreciation is charged on disposal of assets during the year. Gains and losses on disposal of operating assets is taken to the profit and loss account.

Maintenance and normal repairs are charged to the profit and loss account as and when incurred, whereas major renewals and improvements are capitalized and the assets so replaced, if any, are retired.

3.2 Intangible assets

Computer software acquired is capitalized on the basis of cost incurred to acquire and bring to use the specific software. These costs are amortized over their estimated useful lives of three years using the straight line method. Impairment losses, if any, are deducted from the carrying amount of the intangible assets.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

Costs associated with maintaining computer software programs are recognized as an expense when incurred.

The assets' residual values, useful lives and method for amortization are reviewed at each financial year end and adjusted if impact on amortization is significant.

3.3 Capital work-in-progress

Capital work-in-progress is stated at cost. Transfers are made to operating assets when assets are available for use as intended by the management.

3.4 Insurance contracts

Insurance contracts are those contracts where the Company (the insurer) has accepted significant insurance risk from another party (the policyholders) by agreeing to compensate the policyholders if a specified uncertain future event (the insured event) adversely affects the policyholders. Insurance contracts are classified into following main categories:

- Fire and Property
- Motor
- Marine, Transport and Aviation
- Other classes - Miscellaneous

Once a contract has been classified as an insurance contract, it remains an insurance contract for the remainder of its lifetime, even if the insurance risk reduces significantly during this period, unless all rights and liabilities are extinguished or expired.

In addition to direct insurance, at times the Company also participates in risks under coinsurance from other companies and also accepts risks through reinsurance inward by way of facultative acceptances on case to case basis provided such risks are within the underwriting policies of the Company.

The Company neither issues investment contracts nor does it issue insurance contracts with Discretionary Participation Features (DPF).

3.5 Deferred Commission expense / Acquisition cost

Commission expenses are deferred and recognized as an asset in correlation with unearned premium that is recognized in the subsequent reporting period to comply with the requirement of Insurance Rules, 2017 as an expense in accordance with the pattern of recognition of premium.

3.6 Unearned premium

The portion of premium written relating to the unexpired period of coverage is recognized as unearned premium by the Company. The unearned portion of premium income is recognized as a liability. The liability is calculated by applying 1/24 method as specified in the Insurance Accounting Regulations, 2017.

3.7 Premium deficiency

The Company carries out an analysis of loss / combined ratios for the expired period, such ratio being calculated after taking into account the relevant IBNR provision for the determination of premium deficiency reserve for each class of business.

The Company is required to maintain a provision in respect of premium deficiency for the individual class of business where the unearned premium liability is not adequate to meet the expected future liability, after reinsurance, from claims and other supplementary expenses expected to be incurred after the reporting date in respect of the unexpired policies in that class of business at the statement of financial position date. The movement in the premium deficiency reserve is recognised as an expense in the profit and loss account. Judgment is used in assessing the extent to which past trends may not apply in future or the effects of one-off claims.

The management considers that the unearned premium reserve for all classes of business as at the year end is adequate to meet the expected future liability after reinsurance, from claims and other expenses, expected to be incurred after the reporting date in respect of policies in those classes of business in force at the statement of financial position date. Hence, no reserve for the same has been made in these financial statements.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

3.8 Reinsurance contracts held

The Company enters into reinsurance contracts in the normal course of business in order to limit the potential for losses arising from certain exposures. Outward reinsurance premiums are accounted for in the same period as the related premiums for the direct or accepted reinsurance business being reinsured. Reinsurance liabilities represent balances due to reinsurance companies. Amounts payable are estimated in a manner consistent with the related reinsurance contract. Reinsurance assets represent balances due from reinsurance companies. Amounts recoverable from reinsurers are estimated in a manner consistent with the provision for outstanding claims or settled claims associated with the reinsurance policies and are in accordance with the related reinsurance contract.

Reinsurance assets or liabilities are derecognised when the contractual rights are extinguished or expired. The Company assesses its reinsurance assets for impairment on reporting date. If there is objective evidence that the reinsurance asset is impaired, the Company reduces the carrying amount of the reinsurance asset to its recoverable amount and recognizes that impairment loss in the profit and loss account. In addition, the Company also monitors the financial ratings of its reinsurers on each reporting date.

Reinsurance assets are not offset against related insurance liabilities. Income or expenses from reinsurance contracts are not offset against expenses or income from related insurance assets.

3.9 Receivables and payables related to insurance contracts

Receivables and payables relating to insurance contracts are recognized when due. These include premiums due but unpaid, premium received in advance, premiums due and claims payable to insurance contract holders. These are recognized at cost, which is the fair value of the consideration given less provision for impairment, if any.

If there is an objective evidence that any premium due but unpaid is impaired, the Company reduces the carrying amount of that insurance receivable and recognizes the loss in the profit and loss account.

Allowance for impairment in premium receivables is estimated on a systematic basis after analyzing the receivables as per their ageing.

3.9.1 Insurance / Reinsurance receivable

Receivables under insurance contracts are recognized when due, at the fair value of the consideration receivable less provision for doubtful debts, if any. If there is objective evidence that the receivable is impaired, the Company reduces the carrying amount of the receivable accordingly and recognizes that impairment loss in the profit and loss account.

3.9.2 Reinsurance recoveries against outstanding claims

Claim recoveries receivable from the reinsurer are recognized as an asset at the same time as the claims which give rise to the right of recovery are recognized as a liability and are measured at the amount expected to be received.

3.10 Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses including revenues and expenses that relate to transactions with any of the Company's other components. All operating segments' results are reviewed regularly by the Company's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

The Company presents segment reporting of operating results using the classes of business as specified under the Insurance Ordinance, 2000 and the Insurance Rules, 2017. The reported segments are also consistent with the internal reporting provided to Strategy Committee and Board of Directors which are responsible for allocating resources and assessing performance of the operating segments. The performance of segments is evaluated on the basis of underwriting results of each segment.

The Company has four primary business segments, namely, fire, marine, motor and miscellaneous.

The perils covered under fire insurance include damages caused by fire, riot and strike, explosion, earthquake, atmospheric damage, flood, electric fluctuation and terrorism.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

Marine insurance provides coverage against cargo risk, war risk and damages occurring in inland transit.

Motor insurance provide comprehensive car coverage and indemnity against third party loss.

Miscellaneous insurance provides cover against health, burglary, loss of cash in safe and in transit, travel, personal accident, money, engineering losses and other covers.

Financing, investment and income taxes are managed on an overall basis and are therefore, not allocated to any segment. The accounting policies of operating segments are the same as those described in the summary of significant accounting policies.

Assets, liabilities and capital expenditures that are directly attributable to segments have been assigned to them. Those assets and liabilities, which cannot be allocated to a particular segment on a reasonable basis, are reported as unallocated corporate assets and liabilities.

3.11 Financial instruments

All the financial assets and financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument. Any gain or loss on de-recognition of the financial assets and financial liabilities are taken to the profit and loss account.

3.12 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at nominal amount. For the purposes of the cash flow statement, cash and cash equivalents comprise of cash and stamps in hand, cash at bank in current and saving accounts.

3.13 Revenue recognition

a) Premiums

Premium written under a policy is recognized as income over the period of insurance from the date of issuance of the policy to which it relates to its expiry. Where the pattern of incidence of risk varies over the period of the policy, premium is recognized as revenue in accordance with the pattern of the incidence of risk. Where premiums for the policy are payable in installments, full premium for the duration of the policy is recognized as written at the inception of the policy and related assets setup for premium receivable at the later date. Premiums are stated gross of commission payable in intermediaries and exclusive of taxes and duties levied on premium.

Premium income includes administrative surcharge which is recognised as income at the time policies are written. This administrative surcharge represents documentation and other charges recovered by the Company from policy holders in respect of policies issued, at the rate of 5% of the premium written restricted to a maximum of Rs. 2,000 per policy.

b) Commission income

Commission income is taken to profit and loss account on a time proportion basis in accordance with the pattern of recognition of reinsurance premium.

c) Investment income

Gains and losses on sale of investments are taken to the profit and loss account for the year at the time of disposal / sale. Income on Bank Deposits, Term Deposit Receipt and Pakistan Energy Sukuk Bonds is recognized on accrual basis. Income on held to maturity investments is recognized on time proportion basis using effective interest method.

d) Dividend income

Dividend income is recognized when right to receive the same is established. Entitlement of bonus shares is recognized when the right to receive the same is established by increasing the number of shares to which the Company is entitled without giving any monetary effect in the financial statements either in terms of cost or value thereof.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

3.14 Investments

3.14.1 Initial Recognition

All investments are initially recognized at cost being the fair value of the consideration given and include transaction costs, except for investments at fair value through profit or loss in which case transaction costs are charged to the profit and loss account. These are recognized and classified as follows:

- In equity securities
- In debt securities
- In term deposits

3.14.2 Subsequent Measurement

3.14.2.1 In equity securities

a) Available for sale

Investments which are intended to be held for an undefined period of time but may be sold in response to the need for liquidity, changes in interest rates, equity prices or exchange rates are classified as available for sale.

Subsequent to initial measurement, these are remeasured at fair value. Surplus / (deficit) on revaluation from one reporting date to other is taken to other comprehensive income in the statement of comprehensive income. On derecognition or impairment of available for sale investments, the cumulative gain or loss previously reported in other comprehensive income is transferred to profit and loss account for period within statement of comprehensive income.

These are reviewed for impairment periodically and any losses arising from impairment, based on management estimates, in values are charged to the profit and loss account.

b) Investment at fair value through profit or loss - held for trading

Investments which are acquired principally for the purpose of generating profit from short term fluctuation in price or are part of the portfolio in which there is recent actual pattern of short term profit taking are classified as held for trading. After initial recognition these are measured at fair values with any resulting gains and losses recognized directly in the profit and loss account. Subsequent to initial recognition these are measured at fair value by reference to quoted market prices with resulting gain or loss being included in net profit or loss for the year in which it arises.

3.14.2.2 In debt securities

Investments in debt securities, deposits and instruments with fixed maturity, where management has both the intent and the ability to held to maturity, are classified as held to maturity. Subsequently, these are measured at amortized cost less provision for impairment, if any. Any premium paid or discount availed on acquisition of held to maturity investment is deferred and amortised over the term of investment using the effective yield.

These are reviewed for impairment at year end and any losses arising from impairment in values are charged to profit and loss account.

3.14.2.3 In term deposits

Investment in term deposits with fixed maturity that the management has the intent and ability to hold to maturity are classified as held to maturity and are initially measured at cost. At subsequent reporting dates, these are measured at amortized cost using the effective yield method.

3.15 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are only offset and the net amount is reported in the statement of financial position when there is a legally enforceable right to set off the recognized amount and the Company intends to either settle on a net basis, or to realize the asset and settle the liability simultaneously.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

3.16 Provisions

3.16.1 Claims expense

General insurance claims include all claims occurring during the year, whether reported or not, related internal and external claims handling costs that are directly related to the processing and settlement of claims, a reduction for the value of salvage and other recoveries, and any adjustments to claims outstanding from previous years.

The Company recognizes liability in respect of all claims incurred up to the date of statement of financial position which is measured at the undiscounted value of the expected future payments. The claims are considered to be incurred at the time of the incident giving rise to the claim except as otherwise expressly indicated in an insurance contract. The liability for claims includes amounts relating to unpaid reported claims, claims incurred but not reported (IBNR) and expected claims settlement costs.

Provision for liability in respect of unpaid reported claims is made on the basis of individual case estimates. Provision for IBNR is based on the management's best estimate which takes into account the past trends, expected future patterns of reporting of claims and the claims actually reported subsequent to the statement of financial position date.

3.16.2 Outstanding claims including incurred but not reported (IBNR)

A liability for outstanding claims is recognized in respect of all claims incurred up to the statement of financial position date which is measured at the undiscounted value of expected future payments. Provision for outstanding claims include amounts in relation to claims reported but not settled, claims incurred but not reported (IBNR) and expected claims settlement costs, which is determined using actuarial method. Reinsurance recoveries against outstanding claims are recognized as an asset and measured at the amount expected to be received.

3.16.3 Claims reported but not settled

Provision of liability in respect of claims reported but not settled at the statement of financial position date is made on the basis of individual case estimates. The case estimates are based on assessed amounts of individual losses and where the assessment have not been carried out, the estimates are established in the light of currently available information, past experience of similar claims and in some cases in relation to sums insured. Case estimates are reviewed periodically to ensure that the recognized outstanding claim amounts are adequate to cover expected future payments including expected claims settlement costs and are updated as and when new information becomes available.

3.16.4 Claims incurred but not reported

The provision for claims incurred but not reported (IBNR) is made at the statement of financial position date. In accordance with SECP Circular No.9 of 2016, the Company has changed its method of estimation of IBNR. The Company now takes actuarial advice for the determination of IBNR claims. IBNR claims are estimated using Chain Ladder (CL) Method which involves determination of development factors or link ratios for each period. These are then subsequently combined to determine Cumulative Development Factor (CDF) which represents the extent of future development of claims to reach their ultimate level.

3.17 Taxation

In making the estimates for income taxes currently payable by the Company, the management considers the current income tax laws and the decision of appellate authorities on certain issues in the past. In making the provision for deferred taxes, estimates of the Company's future taxable profits are taken into account.

Current

Provision for taxation is based on taxable income at current rates of taxation, under the relevant provisions of the Income Tax Ordinance, 2001, after taking into account rebates and tax credits available, if any.

Deferred

Deferred tax, if any, is provided, using the liability method, on all temporary differences at the statement of financial position date between the tax bases of assets and liabilities and their carrying amount for financial reporting purposes.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

Deferred tax assets and liabilities, if any, are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rates (and tax laws) that have been enacted, or substantially enacted, at the statement of financial position date.

Deferred tax assets, if any, are recognized only to the extent that it is probable that future taxable profit will be available against which the assets can be utilized.

3.18 Staff retirement benefits

The Company maintains recognized contributory provident fund for all permanent employees for which contribution equal to one month's basic pay plus cost of living allowance per annum is charged to the profit and loss account.

3.19 Impairment of assets

A financial asset is assessed at each statement of financial position date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

The carrying amount of non-financial assets is reviewed periodically to determine whether there is any indication of impairment of any asset or a group of assets. If such an indication exists, the recoverable amount of such assets is estimated. The recoverable amount of an asset is the greater of its value in use and its fair value less costs to sell. An impairment loss is recognized if the carrying amount of an asset exceeds its estimated recoverable amount.

All impairment losses are recognized in the profit and loss account. Provision for impairment is reviewed at each statement of financial position date and adjusted to reflect the current best estimates.

3.20 Dividend distribution

Profit distribution to shareholders is recognized as a deduction from accumulated profit in statement of changes in equity and as a liability, to the extent it is unclaimed/unpaid, in the Company's financial statements in the year in which the dividends are approved by the Board of Directors or members as the case may be.

3.21 Management expenses

Management expenses are allocated to various classes of business in proportion to their respective net premium income for the year. Expenses not allocable to the underwriting business are charged as administrative expenses.

3.22 Creditors, accruals and provisions

Liabilities for creditors and other amounts payable are carried at cost which is the fair value of the consideration to be paid in future for goods and / or services received. Provisions are recognized when the Company has a legal or constructive obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are reviewed at each statement of financial position date and adjusted to reflect the current best estimates.

3.23 Related party transactions and transfer pricing

Transactions with related parties of the Company mainly consist of entering into the insurance contracts. The Company follows the "Comparable Uncontrolled Price Method" to measure and value the transactions with the related parties. For transactions carried out other than at arm's length, approval is obtained from the Board of Directors as per the Listing Regulations.

3.24 Bonus shares and reserves appropriation

Bonus shares and appropriation are recognised in the period in which these are approved.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

3.25 Foreign currency translations

Foreign currency transactions are translated into Pak Rupees using the exchange rates prevailing at the date of the transactions. All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing at the statement of financial position date. Foreign exchange gains and losses on translation are recognized in the profit and loss account. All non-monetary items are translated into rupees at exchange rates prevailing on the date of transaction or on the date when fair values are determined.

3.26 Earnings per share

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the requirements of approved accounting standards as applicable in Pakistan requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The judgments, estimates and assumptions are based on historical experience, current trends and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the estimates about carrying values of assets and liabilities that are not readily apparent from other sources.

Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on periodic basis. Revisions to accounting estimates are recognized in the period in which the revision has been made.

Significant areas where judgements, assumptions and estimates were exercised in application of accounting policies relate to:

19. CONTINGENCIES AND COMMITMENTS

19.1 Contingencies

- a. In the year 2016, the Commissioner of Inland Revenue (FBR) had issued show cause notices and then passed orders under section 122(5A) of the Income Tax Ordinance, 2001 (the Ordinance) related to preceding tax years, by initializing the concept of single/one basket income to insurance industry, i.e., clubbing all other sources of income (e.g. dividend and rental income) into business income for charging the business rate of tax under Fourth Schedule of the Ordinance. In the year 2016, the Commissioner Inland Revenue (Appeals) has annulled all the assessments under section 122(5A) in which dividend was taxed at normal corporate tax rate. The Commissioner of Inland Revenue has filed an appeal in Appellate Tribunal, Inland Revenue against the order passed by the Commissioner Inland Revenue (Appeals) which is pending adjudication. The Company has not made provision in this regard with consultation of tax advisor as it is confident that the case will be decided in the Company's favor.
- b. The Assistant Commissioner (AC) Sindh Revenue Board has passed an order for assessment under section 23(1) and (1A) of the Sindh Sales Tax on Services Act, 2011 (the Act) in respect of audit for the tax year December 2016 levied Sindh Sales tax at Rs. 110 Million on exempt marine activities and re-insurance under foreign treaties. The company have filed an appeal before the Commissioner-Appeals –SRB and in view of the tax advisor contesting the matter no eventual financial impact is likely to arise.
- c. It has been noted during the course of reconciliation of outstanding balances due to and due from other insurers / reinsurers that the same are not in agreement in various cases. Based on the information received with respect to closing balances from fourteen insurers / reinsurers unidentified / un-reconciled positive and negative differences of Rs. 0.842 million and Rs. 40.022 million respectively have been noted whereas for certain other insurers / reinsurers, no information is received and hence, differences could not be worked out with reasonable accuracy. In this respect, the Company is actively pursuing the matter of obtaining information and reconciling the outstanding balances and this may subsequently result in adjustment of balances in the books of the Company, if required.

34. MANAGEMENT OF INSURANCE RISK AND FINANCIAL RISK

34.1 Insurance Risk Management

a) Insurance Risk

The risk under any one insurance contract is the possibility that the insured event occurs and the uncertainty of the amount of the resulting claim. By the very nature of an insurance contract, the risk is random and therefore unpredictable. The principal risk that the Company faces under its insurance contracts is that the actual claims exceed the carrying amount of the insurance liabilities. This could occur because the frequency or severity of claims is greater than estimated. Insurance events are random, and the actual number and amount of claims will vary from year to year from the level established.

Experience shows that the larger the portfolio of similar insurance contracts, the smaller the relative variability about the expected outcome will be. In addition, a more diversified portfolio is less likely to be affected by a change in any subset of the portfolio. The Company has developed its insurance underwriting strategy to diversify the type of insurance risks accepted and within each of these categories to achieve a sufficiently large population of risks to reduce the variability of the expected outcome.

Factors that aggravate insurance risk include lack of risk diversification in terms of type and amount of risk, geographical location and type of industry covered.

b) Frequency and severity of claims

Political, environmental, economical and climatic changes give rise to more frequent and severe extreme events (for example, fire, theft, burglary, riot and strike, explosion, earthquake, atmospheric damage, hurricanes, typhoons, river flooding, electric fluctuation, terrorism, war risk, damages occurring in inland transit, burglary, loss of cash in safe and cash in transit, travel and personal accident, money losses, engineering losses and other events) and their consequences (for example, subsidence claims). For certain contracts, the Company has also limited the number of claims that can be paid in any policy year or introduced a maximum amount payable for claims in any policy year.

Insurance contracts which are divided into direct and facultative arrangements are further subdivided into four segments: fire, marine, motor and miscellaneous. The insurance risk arising from these contracts is concentrated in the territories in which the Company operates, and there is a balance between commercial and personal properties / assets in the overall portfolio of insured properties / assets. The Company underwrites insurance contracts in Pakistan.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

The Company manages these risks through its underwriting strategy, adequate reinsurance arrangements and proactive claims handling. The underwriting strategy attempts to ensure that the underwritten risks are well diversified in terms of type and amount of risk, industry and geography. The Company has the right to re-price the risk on renewal. It also has the ability to impose deductibles and reject fraudulent claims. Insurance contracts also entitle the Company to pursue third parties for payment of some or all costs (for example, subrogation). The claims payments are limited to the extent of sum insured on occurrence of the insured event.

The Company has entered into reinsurance cover / arrangements, with local and foreign reinsurers having good credit rating by reputable rating agencies, as prescribed by the Securities and Exchange Commission of Pakistan to reduce its exposure to risks and resulting claims. Keeping in view the maximum exposure in respect of key zone aggregates, a number of proportional and non-proportional facultative reinsurance arrangements are in place to protect the net account in case of a major catastrophe.

The effect of such reinsurance arrangements is that the Company recovers the share of claims from reinsurers thereby reducing its exposure to risk. Apart from the adequate event limit which is a multiple of the treaty capacity or the primary recovery from the proportional reinsurance arrangements, any loss over and above the said limit would be recovered under non-proportional treaty which is very much in line with the risk management philosophy of the Company.

In compliance of the regulatory requirement, the reinsurance agreements are duly submitted with Securities and Exchange Commission of Pakistan on an annual basis.

The Company has claims department dealing with the mitigation of risks surrounding claims incurred whether reported or not. This department investigates and settles all claims based on surveyor's report / assessment. The unsettled claims are reviewed individually at least semi-annually and adjusted to reflect the latest information on the underlying facts, contractual terms and conditions, and other factors. The Company actively manages and pursues early settlements of claims to reduce its exposure to unpredictable developments.

c) Sources of uncertainty in the estimation of future claim payments

Claims reported and otherwise are analysed separately. The development of large losses / catastrophes is analyzed separately. The shorter settlement period for claims allows the Company to achieve a higher degree of certainty about the estimated cost of claims including IBNR. However, the longer time needed to assess the emergence of a subsidence claim makes the estimation process more uncertain for these claims.

The estimated cost of claims includes direct expenses to be incurred in settling claims, net of the expected subrogation value, reinsurance and other recoveries. The Company takes all reasonable steps to ensure that it has appropriate information regarding its claims exposures. However, given the uncertainty in establishing claims provisions, it is likely that the final outcome may be different from the original liability established. The liability comprises amounts in relation to unpaid reported claims, claims incurred but not reported (IBNR), expected claims settlement costs and a provision for unexpired risks at the end of the reporting period.

Liability in respect of outstanding claims is based on the best estimate of the claims intimated or assessed. In calculating the estimated cost of unpaid claims (both reported and not), the Company's estimation techniques are a combination of loss-ratio-based estimates (where the loss ratio is defined as the ratio between the ultimate cost of insurance claims and insurance premiums earned in prior financial years in relation to such claims) and an estimate based upon actual claims experience using predetermined basis where greater weight is given to actual claims experience as time passes.

In estimating the liability for the cost of reported claims not yet paid, the Company considers any information available from surveyor's assessment and information on the cost of settling claims with similar characteristics in previous periods. Claims are assessed on a case-to-case basis separately.

d) Process used to decide on assumptions

The risks associated with insurance contracts are complex and subject to a number of variables that complicate quantitative sensitivity analysis. This exposure is geographically concentrated in Pakistan only.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

The Company uses assumptions based on a mixture of internal and market data to measure its related claims liabilities. Internal data is derived mostly from the Company's monthly claims reports, surveyor's report for particular claim and screening of the actual insurance contracts carried out to derive data for the contracts held. The Company has reviewed the individual contracts and in particular the industries in which the insured companies operate and the actual exposure years of claims. This information is used to develop related provision for outstanding claims (both reported and non-reported).

The choice of selected results for each accident year in respect of each class of business depends upon the assessment of technique that has been most appropriate to observe historical developments. Through this analysis, the Company determines the need for an IBNR or an unexpired risk liability to be held at each reporting date.

e) Changes in assumptions

The Company has not changed its assumptions for the insurance contracts as disclosed above in (b) and (c).

f) Sensitivity analysis

The analysis of exposure described in paragraph (c) above is also used to test the sensitivity of the selected assumptions to changes in the key underlying factors. Assumptions of different levels have been used to assess the relative severity of subsidence claims given past experience. The key material factor in the Company's exposure to subsidence claims is the risk of more permanent changes in geographical location in which Company is exposed.

The risks associated with the insurance contracts are complex and subject to a number of variables which complicate quantitative sensitivity analysis. The Company makes various assumptions and techniques based on past claims development experience. This includes indications such as average claims cost, ultimate claims numbers and expected loss ratios. The Company considers that the liability for insurance claims recognised in the statement of financial position is adequate. However, actual experience will differ from the expected outcome.

As the Company enters into short term insurance contracts, it does not assume any significant impact of changes in market conditions on unexpired risks. However, some results of sensitivity testing are set out below, showing the impact on profit before tax net of reinsurance. The impact of 10% increase / decrease in incidence of insured events on profit before tax and shareholder's equity is as follows:

g) Concentration of insurance risk

A concentration of risk may also arise from a single insurance contract issued to a particular type of policyholder, within a geographical location or to types of commercial business. The Company minimizes its exposure to significant losses by obtaining reinsurance from a number of reinsurers, who are dispersed over several geographical regions.

To optimize benefits from the principle of average and law of large numbers, geographical spread of risk is of extreme importance. There are a number of parameters which are significant in assessing the accumulation of risks with reference to the geographical location, the most important of which is risk survey.

The concentration of risk by type of contracts is summarised below by reference to liabilities.

35. REINSURANCE RISK

Reinsurance ceded does not relieve the Company from its obligation towards policy holders and, as a result, the Company remains liable for the portion of outstanding claims reinsured to the extent that reinsurer fails to meet the obligation under the reinsurance agreements.

To minimize its exposure to significant losses from reinsurer insolvencies, the Company obtains reinsurance rating from a number of reinsurers, who are dispersed over several geographical regions.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

An analysis of all reinsurance assets recognised by the rating of the entity from which it is due are as follows:

36. FINANCIAL RISK MANAGEMENT

36.1 Financial risk management objectives and policies

The Company is exposed to a variety of financial risks including market risk (comprising currency risk, interest rate risk, and other price risk), liquidity risk and credit risk that could result in a reduction in the Company's net assets or a reduction in the profits available for dividends.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

The Board of Directors has the overall responsibility for the establishment and oversight of the Company's risk management framework. There are Board Committees and Management Committees for developing risk management policies and its monitoring.

36.2 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and other equity prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. All transactions are carried in Pak Rupees therefore, the Company is not exposed to material currency risk. However, the Company is exposed to interest rate risk and other price risk.

36.3 Interest rate risk

Interest rate risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. At the reporting date, the interest rate profile of Company's interest-bearing financial instruments was:

	2021	2020	2021	2020
	Effective interest rate %		Rupees	
Fixed rate instruments				
Pakistan Energy Sukuk II	11.11	8.02	70,114,130	60,000,000

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

Sensitivity analysis for fixed rate instruments

The Company does not account for fixed rate financial assets at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit and loss account and equity of the company in respect of fixed rate financial instruments.

Sensitivity analysis for variable rate instruments

An increase of 100 basis points in interest rates would have decreased the profit or loss by the amounts shown below. Reduction in interest rates by 100 basis points would have a vice versa impact. This analysis assumes that all variables remain constant. The analysis is performed on the same basis for the comparative period.

	Profit and loss before tax		Equity	
	100 bp increase	100 bp decrease	100 bp increase	100 bp decrease
	Rupees			
As at December 31, 2021				
Cash flow sensitivity	495,453	(495,453)	351,771	(351,771)
As at December 31, 2020				
Cash flow sensitivity	563,785	(563,785)	400,287	(400,287)

36.4 Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in foreign exchange rates. The Company carries out transactions with major foreign reinsurer in Pakistan Rupees and the Company, at present is not materially exposed to currency risk as majority of the transactions are carried out in Pak Rupees.

36.5 Price risk

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments traded in the market. The Company is exposed to equity price risk since it has investments in equity securities and mutual funds having carrying value of Rs. 729.258 million (2020: Rs.715.381 million) as at the statement of financial position date.

The Company's strategy is to hold its strategic equity investments for long term. Thus management is not concerned with short term price fluctuations with respect to its strategic investments provided that the underlying business, economic and management characteristics of the investee remain favorable. The Company strives to maintain above average levels of shareholders' capital to provide a margin of safety against short term equity price volatility. The Company manages price risk by monitoring exposure in quoted equity securities and implementing strict discipline in internal risk management and investment policies.

Market prices are subject to fluctuation, consequently, the amount realized by the sale of an investment may significantly differ from the reported market value. Furthermore, amount realized in the sale of a particular security may be affected by the relative quantity of the security being sold.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

Sensitivity analysis

The analysis summarizes Company's price risk as at 2021 and 2020 and shows the effects of a hypothetical 10% increase and a 10% decrease in market prices as at the year end. The selected hypothetical change does not reflect what could be considered to be best or worst case scenarios. Indeed, results could be worse in Company's equity investment portfolio because of the nature of equity markets. Sensitivity analysis of investments as at the reporting date is as follows:

For held for trading investments, in case of 10% increase or decrease in prices at the reporting date, the net income and equity would have been higher or lower by Rs.42.659 million (2020: Rs.37.341 million).

For available for sale investments, in case of 10% decrease in prices at the reporting date, the net income and equity would have been lower by Rs.30.267 million (2020: Rs.34.196 million) if the decline is considered permanent.

36.6 Liquidity risk

Liquidity risk is the risk that the Company is unable to meet its obligations when they fall due as a result of policy holder benefit payments, cash requirements from contractual commitments, or other cash outflows, such as debt maturities or margin calls for derivatives. To guard against the risk, the Company has diversified funding sources and assets are managed with liquidity in mind maintaining a healthy balance of cash and cash equivalents and readily marketable securities. The maturity profile is monitored to ensure adequate liquidity is maintained.

36.6 Credit risk

Credit risk is the risk, which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures by undertaking transactions with a large number of counterparties in various industries and by continually assessing the credit worthiness of counter parties.

36.9 Fair value of financial assets and liabilities

The carrying values of all financial assets and liabilities reflected in the financial statements are appropriate to their fair values except for held to maturity investments. Fair value is determined on the basis of the objective evidence at each required date.

36.9.1 Carrying amount versus fair value

The following table compares the carrying amounts and fair values of the Company's financial assets and financial liabilities as at December 31, 2021.

The Company considers that the carrying amount of the following financial assets and financial liabilities are a reasonable approximation of their fair values except for available for sale and held to maturity investments:

36.9.2 Fair value hierarchy

The level in the fair value hierarchy within which the financial asset or financial liability is categorized is determined on the basis of the lowest level input that is significant to the fair value measurement.

Financial assets and financial liabilities are classified in their entirety into only one of the three levels.

The fair value hierarchy has the following levels:

Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The table analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized.

36.9.3 Transfers during the year

During the year ended December 31, 2021:

- There were no transfers between Level 1 and Level 2 fair value measurements
- There were no transfers into or out of Level 3 fair value measurements

36.9.4 Valuation techniques

Fair value of investments classified as held to maturity is assessed using level 2 inputs usually closing market price as per rates prescribed by Financial Market Association of Pakistan in respect of GOPIS by using PKRV rates at reporting date per certificates multiplied by the number of certificates held.

Fair value of available for sale investments is determined using level 1 inputs i.e., quoted market prices of listed securities / NAVs of open end funds.

Fair value of Investments at fair value through profit or loss - held for trading is determined using level 1 inputs i.e., quoted market prices of listed securities / NAVs of open end funds

For level 2 investments at fair value through profit or loss - held for trading, the Company uses the closing market price as per rates prescribed by Financial Market Association of Pakistan in respect of GOPIS by using PKRV rates at reporting date per certificates multiplied by the number of certificates held.

36.9.5 Capital Management

The management's policy is to maintain a strong capital base for the confidence of stakeholders and to sustain future development of the business. The management closely monitors the return on capital along with the level of distributions to ordinary shareholders. The Company meets minimum paid up capital requirements as required by Securities and Exchange Commission of Pakistan.

INDEPENDENT ASSURANCE REPORT ON THE STATEMENT OF MANAGEMENT'S ASSESSMENT OF COMPLIANCE WITH THE SHARI'AH PRINCIPLES

To the Board of Directors of Reliance Insurance Company Limited

We were engaged by the Board of Directors of Reliance Insurance Company Limited (“the Company”) to report on the management's assessment of compliance of the Window Takaful Operations (“Takaful Operations”) of the Company, as set out in the annexed statement prepared by the management for the year ended 31 December 2021, with the Takaful Rules, 2012, in the form of an independent limited assurance conclusion about whether the annexed statement presents fairly the status of compliance of the Takaful Operations with the Takaful Rules, 2012, in all material respects.

Applicable Criteria

The criteria for the assurance engagement against which the subject matter information (the Statement) is assessed comprises of the provisions of the Takaful Rules, 2012 issued by the Securities and Exchange Commission of Pakistan.

Responsibilities of the Board of Directors and Management

The Board of Directors and management of the Company are responsible for preparation of the annexed statement that is free from material misstatement.

The Board of Directors and management of the Company are responsible for designing, implementing and maintaining internal controls relevant to the preparation of the annexed statement that is free from material misstatement, whether due to fraud or error. It also includes ensuring the overall compliance of the Takaful Operations with the Takaful Rules, 2012. The responsibilities include ensuring that the management, where appropriate, those charged with governance, and personnel involved with the Takaful Operations' compliance with the Takaful Rules, 2012 are properly trained, systems are properly updated and that any changes in reporting encompass all significant business units.

Our Independence and Quality Control

We have complied with the independence and other ethical requirements of the Code of Ethics for Chartered Accountants issued by the Institute of Chartered Accountants of Pakistan, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies International Standard on Quality Control 1 “Quality Control for Firms That Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements” (ISQC-1) and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Our responsibilities and the summary of work performed

Our responsibility is to examine the annexed statement and to report thereon in the form of an independent limited assurance conclusion based on the evidence obtained. We conducted our engagement in accordance with International Standard on Assurance Engagements (ISAE) 3000, “Assurance Engagements Other Than Audits or Reviews of Historical Financial Information” issued by the International Auditing and Assurance Standards Board. That standard requires that we plan and

perform our procedures to obtain limited assurance about whether the annexed statement presents fairly the status of compliance of the Takaful Operations with the Takaful Rules, 2012, in all material respects. The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed.

The procedures selected depend on our judgment, including the assessment of the risks of material non-compliances with the Takaful Rules, 2012, whether due to fraud or error. In making those risk assessments, we have considered internal control relevant to the Takaful Operations compliance with the Takaful Rules, 2012, in order to design assurance procedures that are appropriate in the circumstances, but not for the purposes of expressing a conclusion as to the effectiveness of the Company's internal control over the Takaful Operations' compliance with the Takaful Rules, 2012. A system of internal control, because of its nature, may not prevent or detect all instances of non-compliance with Takaful Rules, 2012, and consequently cannot provide absolute assurance that the objective of compliance with Takaful Rules, 2012, will be met. Also, projection of any evaluation of effectiveness to future periods is subject to the risk that the controls may become inadequate or fail.

The procedures performed included:

- Evaluate the systems, procedures and practices in place with respect to the Takaful operations against the Takaful Rules, 2012 and Shari'ah advisor's guidelines;
- Evaluating the governance arrangements including the reporting of events and status to those charged with relevant responsibilities, such as the Audit Committee / Shari'ah Advisor and the board of directors;
- Test for a sample of transactions relating to Takaful operations to ensure that these are carried out in accordance with the laid down procedures and practices including the regulations relating to Takaful operations as laid down in Takaful Rules, 2012; and
- Review the statement of management's assessment of compliance of the Takaful transactions during the year ended 31 December 2021 with the Takaful Rules, 2012.

Our conclusion has been formed on the basis of, and is subject to, the matters outlined in this report. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

Conclusion

In our opinion, the annexed statement, for the year ended 31 December 2021, presents fairly the status of compliance of the Takaful Operations with the Takaful Rules, 2012, in all material respects.

SHARI'AH ADVISOR'S REPORT TO THE BOARD OF DIRECTORS

FOR THE YEAR ENDED DECEMBER 31, 2021

All praise and thanks are due to Allah Almighty, by whose blessing Reliance Insurance Co. Ltd. Window Takaful Operations (RICL WTO) has successfully completed its sixth year of Takaful operations.

Being a Shari'ah Advisor of Reliance Insurance Co. Ltd. Window Takaful Operations it is my responsibility to ensure that the Participant membership documents, underwriting procedures, Re-Takaful Arrangements, and financial activities related to the Participants and stakeholders should be compliant as per Shari'ah rulings.

On the other hand it is the responsibility of RIC Takaful Operator's management to follow the Takaful Rules, 2012 and guidelines set by the Shari'ah Advisor and to take prior approval of Shari'ah Advisor for all policies and services being offered by RICL (Window Takaful).

In order to have an independent assessment of the Shari'ah governance and compliance environment of the operator, and the conformity of Takaful Operations with Takaful Rules, 2012, an external audit has been conducted by external auditors.

In my opinion and to the best of my understanding based on explanations provided by the Operator and audit report of the External auditors, below are the findings:

- Underwriting, investments and financial activities undertaken by the Operator for the year of ended 31 December, 2021 were in accordance with Takaful Rules, 2012 and guidelines issued by me in the capacity of Shariah Advisor.
- Appropriate accounting policies and basis of measurement have been consistently applied in preparation of the financial statements of "Participant Takaful Fund (Waqf Fund)" and "Operator Fund".
- The Operator found performing its duties to its level best by following Shariah guidelines and through consultation with me where needed.
- Any cases which were required to be consulted in accordance with the Shari'ah and Takaful Rules have been discussed and duly resolved.

I concluded my report with the words that Allah Almighty grant Reliance Insurance Co. Ltd. Window Takaful Operations (RICL WTO) remarkable success and help the entire team at every step and keep away from every hindrance and difficulty.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF RELIANCE INSURANCE COMPANY LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS OF WINDOW TAKAFUL OPERATIONS

Opinion

We have audited the annexed financial statements of the Reliance Insurance Company Limited – Window Takaful Operations (“the Operator”), which comprise the statement of financial position as at December 31, 2021, and the profit and loss account, the statement of comprehensive income, the statement of changes in funds and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the profit and loss account, the statement of comprehensive income, the statement of changes in funds and the statement of cash flows together with the notes forming part thereof, conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of Operator’s affairs as at December 31, 2021 and of the profit, total comprehensive income, the changes in funds and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Operator in accordance with the International Ethics Standards Board for Accountants’ Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

S. No	Key Audit Matters	How the matters were addressed in our audit
1	<p>Revenue Recognition and Unearned Contribution Reserve</p> <p>Refer notes 3.9 & 14 to the financial statements.</p> <p>Contribution written under a policy is recognized as income over the period of insurance or in accordance with the pattern of the incidence of risk. We identified revenue (premium) as a key audit matter because of</p>	<p>Our audit procedures in respect of revenue, amongst others, included the following:</p> <ul style="list-style-type: none"> Assessed the appropriateness of the company’s revenue recognition policies by comparing them with applicable International Financial Reporting Standards (IFRS), SECP’s Insurance Rules 2017, SECP’s Insurance Accounting Regulations, 2017, General Takaful Accounting Regulations 2019 and Takaful Rules 2012.

S. No	Key Audit Matters	How the matters were addressed in our audit
	<p>significant amounts and potential risk of revenue being overstated resulting from the pressure, management may feel to achieve contribution / performance targets.</p> <p>Further there are also estimates involved in recognition and calculation of revenue over the period of policy as there is risk of error in terms of the calculation of unearned contribution reserve due to manual calculations.</p>	<ul style="list-style-type: none"> • Obtained an understanding of and testing the designs and operating effectiveness of controls designed to ensure that revenue is recognized in appropriate accounting period and reserve for unearned contribution is accurately calculated. • Compared, on a sample basis, specific revenue transactions recorded before & after the reporting date with underlying documentation to assess whether revenue has been recognized in the appropriate accounting period and whether contribution has been received in case of policies issued on installment basis. • Assessed and evaluated the appropriateness of judgments, assumptions and estimates made by the management in determining unearned portion of contribution. Recalculated reserve of unearned contribution and performing analytical procedures to correlate the different audit evidences. • Performed test of details to ensure that the policies are genuine and critically assessing manual posting of journal entries to entity's MIS to identify unusual or irregular items.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual report of the Operator, but does not include the financial statements and auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and the requirements of Insurance Ordinance, 2000, Companies Act, 2017 (XIX of 2017), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Operator's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Operator or to cease operations, or has no realistic alternative but to do so.

Board of directors is responsible for overseeing the Operator's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Operator's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Operator as required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the profit and loss account, the statement of comprehensive income, the statement of changes in funds and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Insurance Ordinance, 2000, the Companies Act, 2017(XIX of 2017), and are in agreement with the books of account.
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Operator's business; and
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980(XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Mohammad Hanif Razzak.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

1. LEGAL STATUS AND NATURE OF BUSINESS

Reliance Insurance Company Limited (the Operator) has been allowed to undertake General Window Takaful Operations (WTO) on May 25, 2016 by Securities and Exchange Commission of Pakistan (SECP) under SECP Takaful Rules, 2012. For the purpose of carrying on the Takaful business, the Operator has formed a Waqf (Participants' Takaful Fund (PTF) on May 30, 2016 under the Waqf deed with a Seed money of Rs. 500,000. The Waqf deed and PTF policies (Waqf Rules) which govern the relationship of Operator, Waqf and Participants for management of Takaful operations, investment of Waqf and Operator's Fund are approved by the Shariah Advisor of the Operator.

2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE

2.1 Statement of compliance

These financial statements have been prepared in accordance with accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017, and
- Provisions of and directives issued under the Companies Act, 2017, the Insurance Ordinance, 2000, Insurance Rules, 2017, Insurance Accounting Regulations, 2017, SECP Takaful Rules, 2012 and the General Takaful Accounting Regulations, 2019.

In case requirements differ, the provisions or directives of the Companies Act, 2017, Insurance Ordinance, 2000, Insurance Rules, 2017, Insurance Accounting Regulations, 2017, SECP Takaful Rules, 2012 and the General Takaful Accounting Regulations, 2019, shall prevail.

These financial statements reflect the financial position and results of operations of both the Operator's Fund and Participant's Takaful Fund in a manner that the assets, liabilities, income and expenses of the Operator's Fund and PTF remain separately identifiable.

2.2 Basis of Measurement

These financial statements have been prepared on the historical cost basis except otherwise stated in these financial statements. No adjustment for the effect of inflation has been accounted for in the financial.

2.3 Functional and presentation currency

These financial statements are prepared and presented in Pakistani Rupees, which is the functional and presentation currency of the Operator.

2.4 Accounting Standards, IFRIC Interpretations and amendments that are effective for the current year

There are new and amended standards, interpretations and amendments that are mandatory for the Company's accounting periods beginning on or after January 1, 2021 but are considered not to be relevant or do not have any significant effect on the Operator's operations hence not enlisted in these financial statements except as follows:

- IFRS 9 'Financial Instruments' and amendment (effective for period ending on or after June 30, 2019). IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39.

Further, IFRS 4 provides two alternative options in relation to application of IFRS 9 for entities issuing contracts within the scope of IFRS 4, notably a temporary exemption and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS 9. The overlay approach allows an entity applying IFRS 9 from the effective date to remove from profit or loss the effects of some of the accounting mismatches that may occur from applying IFRS 9 before IFRS 17 is applied.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

As an takaful operator, the management has opted temporary exemption from the application of IFRS 9 as allowed by the International Accounting Standards Board (IASB) for entities whose activities are predominantly connected with insurance. Additional disclosures, as required by the IASB, for being eligible to apply the temporary exemption from the application of IFRS 9 are given below.

The table below set out the fair values as at the end of reporting period and the amount of change in the fair value during that period for the following two groups of financial assets separately:

- a) financial assets with contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest ("SPPI") on the principal amount outstanding, excluding any financial asset that meets the definition of held for trading in IFRS 9, or that is managed and whose performance is evaluated on a fair value basis, and
 - b) all other financial assets:
- b) Fair value of financial assets as at December 31, 2021 and change in fair value during the year

OPF	PTF

Closing fair value	62,693,704	21,307,277

Carrying value of all other financial assets approximates to their fair values since these either have short term maturity or are frequently repriced.

2.5 Accounting Standards, IFRIC interpretations and amendments that are not yet effective

The following new and amended standards, interpretations and amendments will become effective from the dates mentioned below against the respective standard, interpretation or amendment.

Standards, interpretations and / or amendments	Effective date (annual periods beginning on or after)
IFRS16 - Leases (Amendments)	April 1,2021
Interest rate Benchmark Reform which amended IFRS 9, IFRS 7, IFRS 4 and IFRS 16	January 1,2022
IAS 37- Provisions, Contingent liabilities and Contingent Assets (Amendments)	January 1,2022
IAS 16 - Property Plant and Equipments (Amendments)	January 1,2022
IAS1 - Presentation of Financial Statements (Amendments)	January 1,2024
IFRS 4- Insurance Contracts (Amendments)	January 1,2023

The management is in process of assessing the impacts of these standards and amendments of the financial statements of operation's fund.

There are certain new standards, amendments and interpretations that are mandatory for the Company's accounting period beginning on or after January 01, 2022 but are considered not to be relevant or do not have any significant effect on the Company's operations and are therefore not discussed in these financial statements.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied in the preparation of these financial statements are set out below:

3.1 TAKAFUL CONTRACTS

Takaful contracts are based on the principle of wakala. The takaful contracts so agreed usually inspire concept of tabarru (to donate for benefit of others) and mutual sharing of losses with the overall objective of eliminating the element of uncertainty.

Contracts under which the Participant Takaful Fund (PTF) accepts significant takaful risk from another party (the participant) by agreeing to compensate the participant if a specified uncertain future event (the takaful event) adversely affects the participant are classified as takaful contracts. Takaful risk is significant if a takaful event could cause the PTF to pay significant benefits due to the happening of the takaful event compared to it's non happening. Once a contract has been classified as a takaful contract, it remains a takaful contract for the remainder of it's lifetime, even if the takaful risk reduces significantly during the period, unless all rights and obligations are extinguished or expired.

The operations underwrite non-life takaful contracts that can be categorized into following main categories:

a) Fire and property

Fire and property takaful contracts mainly compensate the participants for damage suffered to their properties or for the value of property lost. Participants who undertake commercial activities on their premises could also receive compensation for the loss of earnings caused by the inability to use the covered properties in their business activities. These contracts are generally one year contracts except some contracts that are of three months period.

b) Marine, aviation and transport

Marine takaful covers the loss or damage of vessels, cargo, terminals, and any transport or property by which cargo is transferred, acquired, or held between the points of origin and final destination. These contracts are generally for three months period.

c) Motor

Motor takaful provides protection against losses incurred as a result of theft, traffic accidents and against third party liability that could be incurred in an accident. These contracts are generally one year contracts.

d) Miscellaneous

All other various types of takaful contracts are classified in miscellaneous category which includes mainly engineering, terrorism, personal accident, workmen compensation, travel and products of financial institutions etc. These contracts are normally one year takaful contracts except some engineering takaful contracts that are of more than one year period.

These takaful contracts are provided to all types of customers based on assessment of takaful risk by the Operator. Normally personal takaful contracts e.g. vehicle, travel, personal accident, etc. are provided to individual customers, whereas, takaful contracts of fire and property, marine, aviation and transport, accident and health and other commercial line products are provided to commercial organizations.

3.2 Deferred Commission expense / Acquisition cost

Commission expense incurred in obtaining and recording policies is deferred and recognised in statement of profit or loss as an expense in accordance with the pattern of recognition of contribution revenue.

3.3 Reserve for unearned contribution

The portion of contribution written relating to the unexpired period of coverage is recognized as unearned contribution by the Company. The unearned portion of contribution income is recognized as a liability. The liability is calculated by applying 1/24 method as specified in the Insurance Accounting Regulations, 2017.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

3.4 Contribution deficiency reserve

The Operator is required as per the General Takaful Accounting Regulations, 2019, to maintain a provision in respect of contribution deficiency for the class of business where the unearned contribution reserve is not adequate to meet the expected future liability, after re-takaful recoveries from claims, and other supplementary expenses expected to be incurred after the reporting date in respect of the unexpired takaful contracts in that class of business at the reporting date. The movement in the contribution deficiency reserve is recorded as an expense in the profit and loss account.

The Operator determines the adequacy of liability of contribution deficiency by carrying out analysis of its loss ratio of expired periods of the contracts. For this purpose average loss ratio of last three years inclusive of claim settlement cost but excluding major exceptional claims are taken into consideration to determine ultimate loss ratio to be applied on unearned contribution. The liability of contribution deficiency in relation to accident and health takaful is calculated in accordance with the advice of the actuary. No provision has been made as the unearned contribution reserve for each class of business as at the year end is adequate to meet the expected future liability after re-takaful from claims and other expenses, expected to be incurred after the reporting date in respect of policies in force at reporting date.

3.5 Re-takaful contracts held

Re-takaful expense is recognised evenly in the period of indemnity. The portion of re-takaful contribution not recognised as an expense is shown as a prepayment which is calculated in the same manner as of unearned contribution.

Rebate from re-takaful operators is recognised at the time of issuance of the underlying takaful policy by the Operator. This income is deferred and brought to account as revenue in accordance with the pattern of recognition of the re-takaful contribution to which it relates. Receivable against claims from the re-takaful operators are recognised as an asset at the same time as the claims which give rise to the right of recovery are recognised as a liability and are measured at the amount expected to be recovered after considering an impairment in relation thereto.

3.6 Receivables and payables related to takaful contracts

Receivables and payables relating to takaful contracts are recognized when due. These include contribution due but unpaid, contribution received in advance, contribution due and claims payable to takaful contract holders. These are recognized at cost, which is the fair value of the consideration given less provision for impairment, if any.

Allowance for impairment in contribution receivables is estimated on a systematic basis after analyzing the receivables as per their ageing.

3.6.1 Takaful / Re-takaful receivables

Receivables under takaful contracts are recognized when due, at the fair value of the consideration receivable less provision for doubtful debts, if any. If there is objective evidence that the receivable is impaired, the Company reduces the carrying amount of the receivable accordingly and recognizes that impairment loss in the statement of profit or loss.

3.6.2 Re-takaful recoveries against outstanding claims

Claims' recoveries against outstanding claims from the re-takaful operator and salvage are recognized as an asset at the same time as the claims which give rise to the right of recovery are recognized as a liability and are measured at the amount expected to be received.

3.7 Segment reporting

An operating segment is a component of the Operator that engages in business activities from which it may earn revenues and incur expenses including revenues and expenses that relate to transactions with any of the Operator's other components. All operating segments' results are reviewed regularly by the Operator's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

The Operator presents segment reporting of operating results using the classes of business as specified under the Insurance Ordinance, 2000, the Insurance accounting regulation, 2017, and the General Takaful Accounting Regulations, 2019. The reported operating segments are also consistent with the internal reporting process of the Operator for allocating resources and assessing performance of the operating segments. The performance of segments is evaluated on the basis of underwriting results of each segment.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

Based on its classification of takaful contracts issued, the Operator has four primary business segments, namely, fire, marine, motor and miscellaneous. The nature and business activities of these segments are disclosed in note 3.1.

Financing, investment and income taxes are managed on an overall basis and are therefore, not allocated to any segment. The accounting policies of operating segments are the same as those described in the summary of significant accounting policies.

Assets and liabilities are allocated to particular segments on the basis of contribution earned. Those assets and liabilities which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated corporate assets and liabilities. Further, the management expenses are allocated to each segment on the basis disclosed in note 3.14.

3.8 Cash and cash equivalents

For the purpose of cash flow statement, cash and cash equivalents include cash at bank in current and saving accounts, cash and stamps in hand and bank deposits.

3.9 Revenue recognition

a) Contribution

For all the takaful contracts, contributions including administrative surcharge received / receivable under a policy are recognized as written at the time of issuance of policy. Where contributions for a policy are payable in installments, full contribution for the duration of the policy is recognized as written at the inception of the policy and related assets set up for contributions receivable at a later date. Contributions are stated on gross basis and exclusive of taxes and duties levied on contributions.

Provision for Unearned Wakala fee

The Takaful operator manages the general takaful operations for the Participants and charges 40% of gross contribution written on all classes of business including administrative surcharge as Wakala Fee against the services given to Participant's Takaful Fund. Wakala fee under a policy is recognised on the same basis on which related revenue is recognized. Unexpired portion of Wakala fee is recognized as a liability of OPF and an asset of PTF.

Modarib Fee

The Takaful operator also manages the participants' investment as Modarib and charges 40% of the investment / deposit income earned by the Participants' Takaful Fund as Modarib's share.

b) Rebate from Re-takaful Operators

Rebate from re-takaful is recognized at the time of issuance of the underlying takaful policy. These are deferred and recognised as liability and recognised in the statement of profit or loss as revenue in accordance with the pattern of recognition of the re-takaful contributions.

c) Investment Income

Profit on bank accounts and deposits is recognised on accrual basis. Profit or loss on sale of investments is recognised at the time of sale.

d) Dividend Income

Dividend income is recognized when right to receive the same is established.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

3.10 Investments

3.10.1 Initial Recognition

All investments are initially recognized at cost being the fair value of the consideration given and include transaction costs, except for investments at fair value through profit or loss in which case transaction costs are charged to the statement of profit or loss. These are recognized and classified as follows:

- In equity securities
- In debt securities
- In term deposits

3.10.2 Subsequent Measurement

3.10.2.1 In equity securities

a) Available for sale

Investments which are intended to be held for an undefined period of time but may be sold in response to the need for liquidity, changes in interest rates, equity prices or exchange rates are classified as available for sale.

Subsequent to initial measurement, these are remeasured at fair value. Surplus / (deficit) on revaluation from one reporting date to other is taken to other comprehensive income in the statement of comprehensive income. On derecognition or impairment of available for sale investments, the cumulative gain or loss previously reported in other comprehensive income is transferred to statement of profit or loss for period within statement of comprehensive income.

These are reviewed for impairment periodically and any losses arising from impairment, based on management estimates, in values are charged to the statement of profit or loss account.

b) Investments at fair value through profit and loss

Investments which are acquired principally for the purpose of generating profit from short term fluctuation in price or are part of the portfolio in which there is recent actual pattern of short term profit taking are classified as held for trading. After initial recognition these are measured at fair values with any resulting gains and losses recognized directly in the profit or loss. Subsequent to initial recognition these are measured at fair value by reference to quoted market prices with resulting gain or loss being included in net profit or loss for the year in which it arises.

3.10.2.2 Held for maturity

Investments in debt securities, deposits and instruments with fixed maturity, where management has both the intent and the ability to hold to maturity, are classified as held to maturity. Subsequently, these are measured at amortized cost less provision for impairment, if any. Any premium paid or discount availed on acquisition of held to maturity investment is deferred and amortised over the term of investment using the effective yield.

These are reviewed for impairment at year end and any losses arising from impairment in values are charged to profit or loss account.

3.10.2.3 In term deposits

Investment in term deposits with fixed maturity that the management has the intent and ability to hold to maturity are classified as held to maturity and are initially measured at cost. At subsequent reporting dates, these are measured at amortized cost using the effective yield method.

3.10.2.4 Date of recognition

Regular way purchases and sales of investments that require delivery within the time frame established by regulations or market convention are recognised at the trade date. Trade date is the date on which the Operator commits to purchase or sell the investment.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

3.11 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are only offset and the net amount is reported in the statement of financial position when there is a legally enforceable right to set off the recognized amount and the Company intends to either settle on a net basis, or to realize the asset and settle the liability simultaneously.

3.12 Provisions

Claims incurred but not reported (IBNR)

The provision for claims incurred but not reported (IBNR) is made at the statement of financial position date in accordance with SECP Circular no. 9 of 2016. The operator now takes actuarial advice for the determination of IBNR claims. IBNR claims have been estimated using Chain Ladder (CL) methodology. The Chain Ladder (CL) Method involves determination of development factors or link ratios for each period. These are then subsequently combined to determine Cumulative Development Factor (CDF) which represents the extent of future development of claims to reach their ultimate level. In previous year, the provision for IBNR was accounted for on the basis whereby all claims incurred before the year end but reported subsequently were aggregated and the ratio of such claims to outstanding claims was applied to outstanding claims at the reporting date (except exceptional losses) to arrive at liability for IBNR. The analysis was carried out separately for each class of business.

3.13 Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognised in the Operator's profit and loss account, except to the extent that it relates to items recognised directly in equity or in the statement of comprehensive income, in which case it is recognised in equity or in the statement of comprehensive income respectively.

Current tax

Provision of current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year, if enacted. The charge for current tax also include adjustments, where considered necessary, to provision for tax made in previous years arising from assessments finalised during the current period for such years.

Deferred tax

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences at the reporting date between the tax bases and carrying amounts of assets and liabilities for financial reporting purposes. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised.

3.14 Defined contribution plan

The Operator contributes to a provident fund scheme which covers all permanent employees. Equal contributions are made both by the Operator and the employees to the fund at the rate of 8.33 percent of basic salary.

3.15 Impairment of assets

The carrying amount of assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment of any asset or group of assets. If such indication exists, the recoverable amount of the asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in statement of profit or loss. An impairment loss is reversed if the reversal can be objectively related to an event occurring after the impairment loss was recognised.

Provisions for impairment are reviewed at each statement of financial position date and adjusted to reflect the current best estimate. Changes in the provisions are recognised as income or expense.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

3.16 Management expenses

Expenses allocated to PTF represent directly attributable expenses and these are allocated to various revenue accounts on equitable basis. Expenses not directly allocable to PTF are charged to OPF.

3.16.1 Claims expense

Takaful claims include all claims incurred during the year, whether reported or not, related internal and external claims handling costs that are directly related to the processing and settlement of claims, and any adjustments to claims outstanding from previous years.

The PTF recognises liability in respect of all claims incurred upto the statement of financial position date which is measured at the undiscounted value of the expected future payments. The claims are considered to be incurred at the time of the incident giving rise to the claim except as otherwise expressly indicated in a takaful contract.

3.17 Creditors, accruals and provisions

Liabilities for creditors and other amounts payable are carried at cost which is the fair value of the consideration to be paid in future for the goods and / or services received, whether or not billed to the Operator.

Provisions are recognised when the OPF / PTF has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made.

3.18 Takaful surplus

Takaful surplus attributable to the participants is calculated after charging all direct costs and setting aside various reserves. Allocation to participants, if applicable, is made after adjustment of claims paid to them during the year.

3.19 Qard-e-Hasna

Qard-e-Hasna is provided by OPF to PTF in case of deficit or to fulfill cash flow requirements.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the requirements of approved accounting standards as applicable in Pakistan requires the Operator to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The judgments, estimates and assumptions are based on historical experience, current trends and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the estimates about carrying values of assets and liabilities that are not readily apparent from other sources.

The estimates / judgments and associated assumptions are reviewed on an ongoing basis. Revision to the accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. The areas involving a higher degree of judgment or complexity, or areas where assumption and estimates are significant to this financial information, or judgments were exercised in application of accounting policies are as follows:

30. MANAGEMENT OF TAKAFUL RISK AND FINANCIAL RISK

30.1 Takaful risk

The risk under any takaful contract is the possibility that the covered event occurs and the uncertainty in the amount of compensation to the participant. Generally, most takaful contracts carry the takaful risk for a period of one year (refer note 3).

The Operator accepts takaful through issuance of general takaful contracts. For these general takaful contracts the most significant risks arise from fire, atmospheric disturbance, earthquake, terrorist activities and other catastrophes.

The Operator's risk exposure is mitigated by employing a comprehensive framework to identify, assess, manage and monitor risk. This framework includes implementation of underwriting strategies which aim to ensure that the underwritten risks are well diversified in terms of type and amount of the risk. Adequate re-takaful is arranged to mitigate the effect of the potential loss from individual to large or catastrophic insured events. Further, the Operator adopts strict claim review policies including active management and prompt pursuing of the claims, regular detailed review of claim handling procedures and frequent investigation of possible false claims to reduce the takaful risk.

30.1.1 Frequency and severity of claims

Risk associated with general takaful contracts includes the reasonable possibility of significant loss as well as the frequent occurrence of the takaful events. This has been managed by having in place underwriting strategy re-takaful arrangements and proactive claim handling procedures.

The Operator class wise major risk exposure is as follows:

- Fire and property
- Marine, aviation and transport
- Motor
- Miscellaneous

The re-takaful arrangements against major risk exposure include excess of loss, quota share arrangements, facultative arrangements and catastrophic coverage. The objective of having such arrangements is to mitigate adverse impacts of severe losses on operation's net retentions. As the major re-takaful arrangements are on excess of loss basis, therefore the re-takaful coverage against PTF's risk exposures is not quantifiable.

30.1.2 Sources of uncertainty in the estimation of future claims payment

Claims on general takaful contracts are payable on a claim occurrence basis. The PTF is liable for all covered events that occur during the term of the takaful contract including the event reported after the expiry of the takaful contract term.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

An estimated amount of the claim is recorded immediately on the intimation to the operations. The estimation of the amount is based on management judgment or preliminary assessment by the independent surveyor appointed for this purpose. The initial estimates include expected settlement cost of the claims.

There are several variable factors which affect the amount and timing of recognized claim liabilities. The operations takes all reasonable measures to mitigate the factors affecting the amount and timing of claim settlements. However, uncertainty prevails with estimated claim liabilities and it is likely that final settlement of these liabilities may be significantly different from initial recognized amount.

30.1.3 Process used to decide on assumptions

The process used to determine the assumptions for calculating the outstanding claim reserve is intended to result in neutral estimates of the most likely or expected income. The nature of the business makes it very difficult to predict with certainty the likely outcome of any particular claim and the ultimate cost of notified claims. Each notified claim is assessed on a separate case to case basis with due regard to the claim circumstances, information available from surveyors and historical evidence of the size of similar claims. Core estimates are reviewed regularly and are updated as and when new information is available.

The principal assumption underlying the liability estimation of IBNR and Contribution Deficiency Reserves is that the PTF's future claim development will follow similar historical pattern for occurrence and reporting. The management uses qualitative judgment to assess the extent to which past occurrence and reporting pattern will not apply in future. The judgement includes external factors e.g. treatment of one-off occurrence claims, changes in market factors, economic conditions, etc.

The estimation of IBNR is generally subject to a greater degree of uncertainty than the estimation of the cost of settling claims already notified to the Operator, in which case information about the claim event is available. IBNR provisions are initially estimated at a gross level and a separate calculation is carried out to estimate the size of re-takaful recoveries. The estimation process takes into account the past claims reporting pattern and details of reinsurance programs.

The details of estimation of outstanding claims (including IBNR) are given under note 16

30.1.4 Sensitivity analysis

The risks associated with the takaful contracts are complex and subject to a number of variables with complicate quantitative sensitivity analysis. The Operator makes various assumptions and techniques based on past claims development experience. This includes indications such as average claims cost, ultimate claims numbers and expected loss ratios. The Operator considers that the liability for claims recognised in the statement of financial position is adequate. However, actual experience may differ from the expected outcome.

The claim liabilities are sensitive to the incidence of covered events and severity / size of claims. As the Operator enters into short term takaful contracts, it does not assume any significant impact of changes in market conditions on unexpired risks. However, some results of sensitivity testing are set out below, showing the impact on profit of PTF net of re-takaful;

30.1.5 Concentration of risk

To optimise benefits from the principle of average and law of large numbers, geographical spread of risk is of extreme importance. There are a number of parameters which are significant in assessing the accumulation of risk with reference to the geographical location, the most important of which is risk survey.

Risk surveys are carried out on a regular basis for the evaluation of physical hazards associated with the insured property.

The adequate event limit is a multiple of the treaty capacity or the primary recovery from excess of loss treaty, which is very much in line with the risk management philosophy of the Company.

Re-takaful ceded does not relieve the Operator from its obligation towards participants and, as a result the Operator remains liable for the portion of outstanding claims covered through re-takaful to the extent that re-takaful operator fails to meet the obligation under the re-takaful agreements.

The Operator minimises its exposure to significant losses by obtaining re-takaful arrangements from a number of re-takaful operators, who are dispersed over several geographical regions.

The concentration of risk by type of contracts based on single risk with maximum exposure is summarised below:

	Gross sum covered		Re-takaful		Net

30.2 Financial risk

The operations has exposure to the following risks from its use of financial instruments:

- Market risk
- Liquidity risk
- Credit risk

30.2.1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk, foreign currency risk and other price risk. The objective of market risk management is to manage and control market risk exposures within an acceptable parameters

30.2.1.1 Foreign Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in foreign exchange rates. The Operations, at present, are not materially exposed to currency risk as majority of the transactions including those with major foreign re-takaful operators are carried out in Pak Rupees.

30.2.1.2 Other price risk

Other price risk is the risk that the fair value of future cash flows of financial instruments will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Operations at present, are not materially exposed to other price risk.

a. Sensitivity analysis - profit rate risk

Profit rate risk is the risk that the value of a financial instrument will fluctuate due to change in the market profit rate. The profit based assets as on the statement of financial position date aggregates to Rs. 57.336 million (2020: Rs.146.896 million) as disclosed in note 28.2.1.3 above. There are no fixed rate financial instruments as on the balance sheet date. An increase or decrease in profit rates by 100 basis points has the effect of Rs. 0.573 million (2020: Rs.1.469 million) on profit before tax.

30.2.2 Liquidity risk

Liquidity risk is the risk that the Operations will not be able to meet its financial obligations as they fall due. The Operations' approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the operation's reputation. The following are the contractual maturities of financial liabilities based on the remaining period at the reporting date.

30.2.3 Credit risk

Credit risk is the risk, which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The operations attempts to control credit risk by monitoring credit exposures by undertaking transactions with a large number of counter parties in various industries and by continually assessing the credit worthiness of counter parties.

Concentration of credit risk

The bank balances and investment in mutual fund represents low credit risk as they are placed with reputed financial institutions with strong credit ratings.

The management monitors exposure to credit risk in contribution receivable from participants and amount due from co-takaful operators and re-takaful operators through regular review of credit exposure. The amount due from co-takaful and re-takaful operators represents low credit risk as they have strong credit ratings and have sound financial stability.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure, as specified below:

	2021	2020
Rupees		
Receivable from PTF	8,980,923	4,802,908
Accrued Investment Income	352,613	654,926

30.2.3.1 Re-takaful Risk

Re-takaful ceded does not relieve the Participants' Takaful Fund from its obligation towards participants and, as a result, the Participants' Takaful Fund remains liable for the portion of outstanding claims covered through re-takaful to the extent that re-takaful operators fails to meet the obligation under the re-takaful agreements.

To minimise its exposure to significant losses from re-takaful companies insolvencies, the Operator obtains re-takaful Companies ratings from a number of re-takaful operators, who are dispersed over several geographical regions.

An analysis of all re-takaful assets recognised by the rating of the entity from which it is due are as follows:

Rating	Takaful / Re-takaful receivables	Re-takaful recoveries against outstanding claims	Prepaid re-takaful contribution ceded	2021	2020

30.3 Fund management

The operator's objectives when managing capital or to safeguard operator's ability to continue as going concern in order to provide returns for operator or participants and to offer benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the amount of return paid to operators or to participants may be adjusted.

30.4 Fair value of financial instruments

The operator has not disclosed the fair value of these items because their carrying amounts are a reasonable approximation of fair value.

Fair value is an amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences may arise between the carrying values and the fair value estimates.

The operator measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1:** Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2:** Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3:** Inputs for the asset or liability that are not based on observable market data (unobservable inputs).
